DECLARATION OF Wataru Kagohashi
UNDER 37 C.F.R. § 1.132

Sir:

I, Wataru Kagohashi, hereby declares and says that:

(1) I am one of named inventors of the above-identified patent application, U.S. application Serial No. 10/525,963;

(2) I have complete knowledge of the subject matter disclosed in U.S. application Serial No. 10/525,963, filed on February 28, 2005 and have reviewed the specification of the present patent application;

(3) There are typographical errors on paragraph 0046 in the specification. That is, description about Comparative Example 3 was failed to be translated. I submit corrected paragraph 0046 which includes explanation of Comparative Example 3 and conforms to description in the basic patent application of the priority;

(4) All statements made herein are true, and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that

willful false statements and the like so made may be punishable by fine or imprisonment or both, under Section 1001 Title 18 of the U.S. code and that such willful false statements may jeopardize the validity of the application or any patent issuing therefrom.

Dated: November 30, 2006
